iP2

Speaker System for your iPhone/iPod®

RECOMMENDED COPY

The iP2 is an impressive new stereo system for iPhone and iPod, offering dramatic good looks and amazing audio. The iP2 features Bongiovi Digital Power Station technology coupled with 50 watts of power and best-in-class coaxial neodymium speakers for sound that has to be heard to be appreciated.

FEATURES

- **Bongiovi Digital Power Station technology**
Real time digital signal processor constantly scans audio and restores details lost in today's compressed audio formats
- **Charges and plays iPhone or iPod while docked**
Enjoy your music while keeping your iPhone or iPod fully charged
- **50 watts of bi-amped power**
Specially designed 50 watt amp pushing twin 3.5" coaxial neodymium speakers delivers pristine power for satisfying sound
- **Sleek modern design**
Beautiful transparent acrylic facia with simple, supple lines lends an air of sophisticated yet subdued elegance to any setting
- **Adjustable EQ**
Bass and treble controls let you craft your sound
- **AV out jack**
Output composite or component video from your iPhone or iPod to a TV
- **Line-in jack**
Play any audio source through the iP1
- **Adjustable dock**
Easily fits any iPhone or docking iPod model without inserts
- **Universal voltage adaptor**
Switching 100/240VAC power supply works just about anywhere

ADDITIONAL FEATURES

- **Backlit buttons**
- **Remote control included**

Package contents:

- iP2 System
- Remote control
- Universal voltage AC adaptor
